Mileage 210,850

Description

2010
International
IC
MaxxForce 7
Diesel
Air Brake
65 Passenger
210k Miles

Runs and drives with no known problems. Batteries are completely dead and bus will not drive without having the batteries replaced. We verified this bus does run and drive on 4/9/21.

With Air conditioning and wheel chair lift. We did not verify that the lift or air condition was in working condition, however it was working when it was parked just before school started.

Quantity: 1
